

THE MINI CLUBMAN.

Some say it takes just 7 seconds to fall in love.
We think you only need 6. 1 for each door.
Meet the MINI Clubman.

GO WITH YOUR GUT.

Details of fuel consumption and CO₂ emissions for all models,
as required under EU law, can be found in the Technical Data
section beginning on page 46.

For more information on the options available for each model,
contact your MINI dealer or visit mini.com/configurator

MAKING THE MINI: BREAKING THE MOULD.

When Sir Alec Issigonis sketched his initial idea for the Mini on a tablecloth in 1956, his innovative compact design was the perfect response to some of the biggest automotive questions of his era. Almost everything about it was unconventional: he increased the track width as far as he could, mounted the engine lengthwise, and positioned the instrument cluster centrally for both left and right-hand drive. This ensured maximum space inside the car. The concept was unprecedented – and his revolutionary Mini soon became an icon.

The first Mini to include this design and a handy set of Split Doors appeared in 1960 in the form of the Mini Traveller. 9 years later, the Mini Clubman was born. And with all the charm of a Mini plus a load of extra luggage space, it has won over drivers ever since.

Motorsport legend John Cooper saw star racing potential in the original Mini – so he created a model for the track. Braking, inducing oversteer and then drifting around corners became effortless for rally drivers, thanks to its light weight and short overhangs. Racing around tight bends at high speed, now synonymous with the classic MINI go-kart feeling, laid the foundation for a succession of spectacular wins at the Monte Carlo rally. Here, the Mini proved that agile handling beats sheer power, every time. To honour Cooper’s vision, the thoroughbreds of the MINI range bear the name John Cooper Works.

The compact design of Alec Issigonis and racing pedigree of John Cooper have defined the Mini from the very beginning and remain hallmarks of every iteration to this day. Their legacy of innovation lives on in the latest MINI – and the cutting-edge technology within.

VERSATILE INTERIOR.

The size of the MINI Clubman makes it the ideal car for short trips and longer journeys alike. This is largely due to its 360-litre luggage capacity and the versatility of the large rear seat bench. The backrest folds forward in a 40:20:40 split: the middle section can be used either as a comfortable armrest (with cupholders) or as extra space to accommodate longer, bulkier items of luggage. With the optional Comfort Access system and Easy Opener function, the split doors open automatically when you move your feet under the boot and back again.

PERSONALIZED EXTERIOR.

There are countless ways to make a MINI Clubman all your own. If you're looking for styles and features that suit you, the MINI Original Accessories range has it covered.

MINI Original Accessories
Roofbox in Black (approx. 320 l)
Black Jack side scuttles and exterior mirror caps
19" John Cooper Works Pro Radial Spoke light-alloy wheels, burnished
LED additional headlights in Brilliant Black
Black sunscreens for side windows

mini.com/accessories

THERE'S MORE THAN ONE WAY TO DRIVE A MINI.

There's also more than one MINI to drive away. Whether you go for the One/D, Cooper/D or Cooper S/SD, each one has a different engine and its own feel behind the wheel. But whichever unit you choose, they all have one thing in common: the power and efficiency of MINI Twin Power Turbo technology.

All MINI Clubman models are fitted with a track-style sequential 6-speed manual gearbox as standard. 6-speed Steptronic transmission is available upon request for One/D and Cooper models, while an 8-speed Steptronic gearbox is an option for Cooper D and Cooper S/SD variants.

What's more, intelligent ALL4 all-wheel drive in Cooper S/SD models ensures optimum traction on all road surfaces. See page 38 for details.

With optional MINI Driving Modes, you can adapt the performance of your MINI to match your mood and the driving conditions. In the MID and GREEN modes, Dynamic Damping Control softens the suspension to keep the drive enjoyably smooth. If you want to feel like you're tearing up tarmac in a go-kart, select SPORT mode.

Details of fuel consumption and CO₂ emissions for all models, as required under EU law, can be found in the Technical Data section beginning on page 46.

ONE.

Choose from a 1.5-l 3-cylinder petrol engine that delivers 102hp/75 kW or a 1.5-l 3-cylinder diesel unit with an output of 116hp/85 kW. Both feature MINI Twin Power Turbo technology. The go-kart feeling starts here.

COOPER.

A 1.5-l 3-cylinder petrol engine (136hp/100 kW) and a 2.0-l 4-cylinder diesel version (150hp/110 kW) offer a handy blend of oomph and economy. Let's not forget a few Cooper hallmarks: a safety bar in Brilliant Black, a Chrome tailpipe and an optional contrast colour for the roof and mirror caps.

COOPER S.

With a 2.0-l 4-cylinder petrol engine (192hp/141 kW) or a 2.0-l 4-cylinder diesel unit (190hp/140 kW), the Cooper S Clubman packs the biggest punch. The front and rear aprons, bonnet air scoop and dual tailpipes hint at the power waiting to be unleashed on the road. Meanwhile, the red S on the radiator grille, Split Door and side scuttles underlines the car's sporting heritage.

BUNDLES OF FUN.

If the practically endless list of individual equipment options puts your head in a spin, keep things simple. Spruce up your MINI Clubman with one (or more) of our equipment packages. A lot of thought went into each package: the options included were carefully chosen to complement each other, making your decision that much easier.

Naturally, you can combine them all with other bundles, like the Wired package (page 33), John Cooper Works Exterior and Interior packages.

|---|---|---|---|--------------------------|
| ● | ○ | ○ | ○ | SALT. |
| ● | ● | ○ | ○ | PEPPER. |
| ● | ● | ● | ○ | CHILI. |
| ● | ● | ● | ● | JOHN COOPER WORKS CHILI. |

The Salt, Pepper, Chili and John Cooper Works Chili packages differ in scope, each one building on the contents of the one before it. They are made up of smaller packages combined with complementary individual options. The fold-out page on the right provides a detailed overview of what you get with each package. Please go online or visit your local MINI dealer to check availability.

[mini.com/configurator](https://www.mini.com/configurator)

SALT.

The Salt equipment package adds a dash of extra comfort and connectivity to the mix. It includes velour floor mats, the lights and storage packages, height-adjustable front passenger seat, automatic air conditioning and fog lights.

PEPPER.

The Pepper package has everything in the Salt bundle and more. Extras include the MINI Excitement package, which consists of Ambient Lighting and toggle switch in the headliner, waterfall interior lighting, welcome lighting in the front and rear footwells, lighting for the exterior door handles and MINI LED door projectors. Also included are the following:

- + Keyless Comfort Access system (with Easy Opener movement sensor under the rear apron)
- + Sports leather steering wheel for One/D and Cooper/D
- + Front armrest
- + Exterior mirror caps in body colour (for One/D)
- + 17" Net Spoke light-alloy wheels for One/D and Cooper/D

CHILI.

The Chili package adds a dash of racetrack flair and cutting-edge technology to the mix. It includes all the extras in the Salt and Pepper packages plus:

- + Sports leather steering wheel with multifunction option
- + Sports leather steering wheel (for One/D and Cooper/D)
- + Cord cloth/leather in Carbon Black
- + Sport seats (for One/D and Cooper/D)
- + MINI Driving Modes
- + LED technology for headlights and fog lights
- + 17" Vent Spoke light-alloy wheels (for One/D and Cooper/D)
- + 18" Star Spoke light-alloy wheels (for Cooper S/S ALL4 and Cooper SD/SD ALL4)

JOHN COOPER WORKS CHILI.

This combines everything in the Salt, Pepper and Chili options with the John Cooper Works Exterior and Interior packages, which are also available separately. It includes:

- + John Cooper Works sports leather steering wheel
- + Performance Control for One/D and Cooper/D models
- + Rear spoiler
- + John Cooper Works aerodynamic kit
- + Headliner in Anthracite
- + Stainless-steel pedals and footrests
- + John Cooper Works door sill finishers and gear lever knob
- + Optional sports suspension at no extra charge
- + Park Distance Control (rear)
- + 18" John Cooper Works Grip Spoke light-alloy wheels

FALL IN LOVE. OVER AND OVER AGAIN.

Add a personal touch to the interior of the MINI Clubman and choose from 4 high-quality interior style options – 3 of which are part of the exclusive MINI Yours illuminated collection. Each style comprises multiple elements that complement each

other perfectly. The illustration below shows the Satellite Grey interior colour, MINI Yours Piano Black illuminated interior style and Lounge leather seats in Satellite Grey.

INTERIOR ELEMENTS IN DETAIL.

To help you put together the interior that suits you best, we’ve come up with a few combinations of complementary styles and finishes for 4 key design elements: decorative cockpit trim (1), wraparound cockpit trim (2), decorative door trim (3) and centre console trim (4). For a detailed look at the patterns and colour schemes, take a look at the opposite page.

770 COLOURS IN 1 NIGHT.

What good is a stylish interior if you can't see it in all its glory? Chances are you'll be spending a lot of time here, so brighten up the inside of your MINI Clubman with the set-up it deserves: Ambient Lighting. Part of the optional MINI Excitement package, it can cycle through up to 770 different shades of the colour spectrum, or you can choose from 12 preset colours. So whatever your mood, you're guaranteed to find one to your liking. Each decorative surface is made with the finest materials. In addition, the front door trims included in the MINI Yours interior styles emit an eye-catching fluorescent glow to go with the Ambient Lighting.

MINI YOURS.

The Carbon Black MINI Yours seat in luxurious Lounge leather isn't just made – it's crafted. The smooth feel of the leather against your hand, the detailed stitching of the Union Jack in the headrest, the braided edging ... the beauty is in the detail.

mini.com/configurator

* Leather upholstery includes seats (base and backrest), and front and rear headrests.

BIG ON SMALL DETAILS: MINI YOURS.

The MINI Yours customization programme provides a wealth of options for those who prize individuality and refined style. The range represents the best of British craftsmanship, and each item has its own story to tell.

Here are a few examples: the MINI Yours sports leather steering wheel including soft nappa leather and contrast stitching, 18" MINI Yours Masterpiece light-alloy wheels, illuminated MINI Yours interior styles and the spectacular exterior colour MINI Yours Lapisluxury Blue – a deep shade of ultramarine.

You'll find the MINI Yours logo (with Union Jack and needle) on all MINI Yours leather fittings – like the Carbon Black MINI Yours seat, which comes with the finest soft nappa leather, braided piping and a Union Jack stitched into the back of the headrest.

MINI CONNECTED: HELLO WORLD.

Between MINI Connected and its compatible apps, you’ve got everything you could need to take the hassle out of your journey – and inject a few more thrills into it. Be it loading up your very own smartphone-based personal assistant or choosing music from one of countless playlists, you can do it all from behind the wheel.

The development of MINI Connected is an ongoing process. Updates are sent directly to customers – and integrated into the product – via the Open Mobility Cloud.

This means that app screens, interfaces and other features shown on the following pages may soon change. And if they do, it’ll be change for the better. For the latest information on MINI Connected features and availability in your country, go online at

mini.com/connected

With the Wired package you can take full advantage of the MINI Connected world of infotainment. It comes with the Professional navigation system with 22.4-cm/8.8" touchscreen (plus operation via the MINI Touch Controller on the centre console) and in-car wireless charging (plus phone calls via an external antenna). Other features include a multifunction steering wheel, voice control, 3D satellite map view, MINI Connected, 20 GB of entertainment storage and much more.

LEAVE ORGANIZED. ARRIVE ENERGIZED.

LET MINI CONNECTED SHOW YOU THE WAY.

MINI CONNECTED FUNCTIONS AT A GLANCE:

VEHICLE STATUS AND DESTINATIONS.
The MINI Status display on your smartphone – in a classic MINI design with Union Jack – provides a handy overview of key information, such as how far you are from your destination, the current range, and remaining journey time.

VEHICLE SEARCH.
Not sure where you left your MINI? Check your smartphone to find the quickest way back.

TIME TO GO.
MINI Connected sends updates to your smartphone or Apple Watch, reminding you when it's time to make your way to a saved or learned destination. The latest online traffic updates are taken into account when calculating the time.

SHARE YOUR ARRIVAL TIME.
Great for groups of friends coming from all different directions: you can send your arrival time (calculated using real-time traffic updates) to smartphone contacts.

MINI CONNECTED READY APPS.
An ever increasing number of pre-configured apps for MINI Connected allow you to use all your favourite smartphone features on the move. Keep your spirits up with your choice of Spotify playlists, podcasts, audiobooks and other music apps.

IMPORT DESTINATION FROM SMARTPHONE TO NAVIGATION SYSTEM.
As long as your smartphone is linked to your vehicle, destinations (learned, saved or imported from your calendar) are automatically saved to the navigation system. Route guidance starts automatically (depending on equipment fitted).

ONLINE TRAFFIC MAP.
A real-time traffic check helps you spot and bypass sudden bottlenecks. Use the zoom function to pinpoint alternative routes.

CALENDAR INTEGRATION.
MINI Connected can import all destinations from your smartphone calendar. It saves addresses in the navigation system and reminds you of when you need to leave.

MINI FIND MATE.
Never forget a thing. Attach a MINI Find Mate tag to your important belongings and, if desired, your MINI Find Mate will issue an audio alert if a specified distance between you and your items is exceeded. Your smartphone will show you where the MINI Find Mate tag was last detected.

ONLINE SEARCH.
Going shopping or eating out? Once you've found somewhere suitable using Online Search, you can send the address to the navigation system.

FREQUENTLY VISITED PLACES.
MINI Connected shows all previously learned or saved destinations and calculates the time it takes to reach them from your current location, using real-time traffic information. It saves time – and helps you stay on top of things.

FORGET ABOUT FORGETTING.

MINI FIND MATE.

The MINI Find Mate feature is a handy addition to the Wired package. It comes with 2 Bluetooth tags, which you can attach to those things that you just can't go without. The moment you move too far away from the tagged object, you'll receive a notification from the MINI Connected app on your smartphone. The wireless automatic connection between the MINI Connected app and your vehicle helps you navigate close to the last GPS position of the MINI Find Mate tag. The MINI Connected app can keep track of up to 6 MINI Find Mates at once. You can buy more tags from the MINI Lifestyle store.

CHOOSE YOUR INTERFACE.

1 RADIO MINI BOOST.

The Radio MINI Boost, with Bluetooth hands-free kit, USB audio and AUX-IN interfaces and a 4-line display, is fitted as standard.

3 MINI NAVIGATION SYSTEM.

Leading the way: a first-class navigation system with GPS, TMC and USB updates. Upgrade for the Radio MINI Visual Boost. Easily operated via the MINI Controller.

2 RADIO MINI VISUAL BOOST.

Complete with 16.2-cm/6.5-inch screen, ergonomic MINI Controller and MINI Connected interface.

4 MINI NAVIGATION SYSTEM PROFESSIONAL.

A Wired package exclusive: the 22.4-cm/8.8-inch touchscreen has been revamped. It's easy to use and provides an uncomplicated overview of the wealth of information at your fingertips. Also comes with split-screen functionality.

THE BEST JOURNEYS BEGIN WITH PEACE OF MIND.

1 Never lose sight of the important things: The MINI Head-Up Display projects key driving information into the driver's line of sight without obstructing his view of the road. Depending on the optional equipment fitted, this data can include speed limits, navigation instructions, cruise control settings, plus information from the phone and entertainment functions.

The Driving Assistant uses several systems to help avoid collisions with pedestrians and other vehicles. For example, it uses Active Cruise Control to maintain a safe distance from the vehicle in front, preconditions the brakes for shorter stopping distances when travelling at high speed, and can even apply the brakes automatically in city traffic.

In the event of an accident, the MINI Intelligent Emergency Call system

(not shown) transmits the position of the vehicle, direction of travel and severity of the accident to the emergency services, so help can reach you as quickly as possible.

2 A high-resolution reversing camera displays a clear view of the area the behind the car in the MINI Centre Instrument.

The Park Assist (not shown) helps you find a suitable parking space

and makes parallel parking easy. All you have to do is brake and accelerate as required.

3 After locking, the LED roof fin flashes at regular intervals to indicate that the alarm system is active.

4 As part of the MINI Excitement package, the exterior mirror on the driver's side projects the MINI logo onto the ground once the door has been unlocked.

FOR A FIRM GRIP ON PROCEEDINGS: ALL4.

The optional ALL4 all-wheel drive in the MINI Clubman is an intelligent torque vectoring system. Its electro-hydraulic multi-disc clutch is linked to Dynamic Stability Control and smoothly varies the amount of drive torque distributed to the front and rear axles according to the driving situation. That all means supreme traction on every road surface, maximum stability and even more fun cruising around corners.

1 Straight, level road.

To maintain efficiency in normal driving situations, e.g. on straight, level roads, the system diverts 100 % of the torque to the front axle.

2 Cornering.

ALL4 allocates enough torque to the rear axle to counter the onset of over/understeer and increase stability.

3 Wet and slippery roads.

More torque is directed to the rear axle – in some cases up to 100 % – when a loss of grip occurs at the front. This counteracts understeer and ensures optimal traction.

4 Uneven surfaces.

ALL4 rapidly allocates the optimum amount of power to each axle to ensure maximum traction on uneven roads.

SMOOTH OPERATOR.

Add a track-style edge to your very own MINI with the John Cooper Works equipment packages. The John Cooper Works Exterior package boasts the aerodynamic kit, which consists of front and rear aprons, optional 2-tone 19" Course Spoke wheels, sports suspension, rear Park Distance Control and an exclusive rear spoiler.

The John Cooper Works Interior package puts the finishing touch to the look. It includes a leather steering wheel, headliner in Anthracite, optional Dinamica/leather sport seats, stainless steel pedals, an exclusive gear lever knob and eye-catching door sill finishers.

The John Cooper Works Chili package is the ultimate upgrade. It covers everything in the Exterior and Interior packages and more. See page 16 for details.

MOBILITY THAT MOVES WITH THE TIMES.

The world is changing faster than ever, and people have never been more connected. As they move with the times, they expect their cars to keep up. That's why a MINI isn't just about making a statement – it's about making several.

Fun out on the road, expressing yourself, style – all of these things count, but none more so than attitude. For us, it's about loving what we do, and appreciating the value of things, both aesthetic and practical.

Since 1959, our aim has been to create something new, without losing any of the character of the old. Along the way, we've strived to shape the next generation of mobility, and to inspire others to join us on our journey.

MINI SERVICE.

We've got everything covered.

Our service experts are as passionate about your MINI as you are. They're specially trained to keep it in top shape, so for electrical or mechanical defects, cosmetic or bodywork repairs, or even simply fitting MINI Original Parts, your MINI will be in the best possible hands.

MINI knows best.

Since you can't always think of everything when on the road, your MINI uses its head too. The Condition Based Service feature automatically reminds you when its next service is due, via the MINI Centre Instrument. The MINI Teleservices feature automatically transfers the most important vehicle data to MINI via a built-in SIM card. Your local MINI Service Centre will then contact you to make an appointment if any maintenance is necessary. What's more, in the unlikely event of a breakdown, you can also contact the specialists on our MINI Breakdown Service team directly. If you don't need to use the service, you can deactivate it at any time. The Intelligent Emergency Call option is required to use MINI Teleservices.

At a glance: MINI Service Inclusive.

Thanks to MINI Service Inclusive and MINI Service Inclusive Plus, there's no need to worry about maintenance and repair costs: a single fixed amount for maintenance covers all the services included in your chosen package for up to 6 years and 120,000 kilometres. It's easy to calculate, and MINI Service Inclusive represents a significant saving in cost compared to individually paid-for trips to your MINI Service Partner. Both packages provide quality you can count on, too: qualified MINI Service specialists, state-of-the-art diagnostics tech and top-quality MINI Original Parts guarantee first-class service, every time, so your MINI retains its value over the years and miles.

We'll keep your MINI mobile.

MINI Mobile Service and the MINI Accident Hotline are there when you need them, 24 hours a day, 365 days a year. If you have a breakdown, you'll get specialist help every step of the way: we'll send expert technicians to help you on site, dispatch a BMW Group replacement vehicle to get you back on the road, provide car recovery and towing services and more. In the event of an accident, we'll be there for you with a comprehensive range of services. Find out more online at [mini.com](https://www.mini.com)

MINI FINANCIAL SERVICES.

The key to the car of your dreams.

MINI Financial Services* represents the quickest way to the car of your dreams. With MINI Leasing, you pay to use the vehicle and not a penny more. MORE MINI packages provide a host of attractive extras, such as suitable insurance**, a tailored service deal or even a combination of both.

If you want to own a MINI but stay flexible with your financing, you'll find a favourable deal with MINI Finance. And for total peace of mind, check out MINI Car Insurance**.

Find out more about MINI Financial Services online at [mini.com](https://www.mini.com) or visit your local MINI dealership** *.

* MINI Financial Services is a trade name of BMW Bank GmbH, Heidemannstr. 164, 80939 Munich, Germany.
** Contractual partner and risk carrier is Allianz Versicherungs-AG.
*** Vehicle also includes a service package. See service package agreement for details.

Warranty.

Every MINI is supplied with a 2-year dealer warranty against manufacturing defects. The MINI dealership where the purchase was made is responsible for honouring the warranty. Repair work can be carried out at any authorized MINI dealer, MINI Service Authorized Workshop or any other service centre authorized by MINI. Defects arising in the first 6 months after purchase are deemed by law to have existed at the time of purchase and the dealer has the onus of proving that the vehicle is not defective due to a manufacturing defect. Every MINI also comes with a 12-year anticorrosion warranty, which covers the vehicle against rusting of the body panels. The painted surfaces of the car are covered by a 3-year warranty. This warranty does not cover damage to the vehicle body or under-body caused by stone impacts, scratches or dents, accident damage or other damage caused by environmental factors. Failure to comply with the service schedule provided by the manufacturer may invalidate this warranty.

Recycling.

At every stage, from design to disassembly, recycling is central to the MINI philosophy. For example, all the materials used in each vehicle's manufacture are selected because they can be used in the most sustainable and environmentally friendly way possible. That way, every MINI can be efficiently and ecologically recycled when its driving days are finally done. We've been working on this approach since 1994 at the BMW Group Recycling and Disassembly Centre in Munich, the only facility of its kind. Your MINI dealer will be pleased to advise you on the disposal of your old vehicle, or you can visit [mini.com](https://www.mini.com)

¹ All figures relate to vehicles with the standard 6-speed manual transmission. Figures in square brackets relate to vehicles with 6-speed/8-speed Steptronic transmission.

² All MINI models comply with the EU6 exhaust emissions standard. Fuel consumption is determined in accordance with the ECE driving cycle (as defined in directive 80/1268/EEC), made up of approximately one third urban and two thirds extra-urban driving (based on the distance covered). CO₂ emissions are measured separately from fuel consumption. Figures relate to standard-specification vehicles, and may vary significantly where optional equipment (including wider tyres) is fitted. Figures for fuel consumption and CO₂ emissions may vary depending on the wheels and tyres fitted.

³ Assuming car is fuelled to 90 % of usable tank capacity, and allowing 68 kilograms for the driver and 7 kilograms for luggage. Figure quoted is for standard-specification vehicles. Optional equipment will increase this figure.

MINI CLUBMAN DIMENSIONS.

Cooper S track width: 1560 (front), 1561 (rear)
All figures in mm.

WE'VE SAVED THE BEST FOR LAST: THE TEST DRIVE.

What's the point of revving yourself up without taking it for a spin? Get behind the wheel. Make yourself comfortable in the driver's seat. Listen to the satisfying sound the door makes as it closes behind you. Fasten your seat belt. Adjust the rear-view mirror and look over at your MINI dealer. He knows exactly what awaits you: a drive like no other, guaranteed to inspire. It's time to start the engine and get to know the new MINI Clubman.
